COMPANY PROFILE

Shanxi Huajun Tire Co., Ltd., formerly known as Pingyao County Welfare Rubber Factory, is located 6 kilometers east of Pingyao Ancient City, a World Cultural Heritage site and the hometown of Jin merchants. It is a large-scale rubber enterprise upgraded from the original Pingyao County Wulian Rubber Industry Co., Ltd. Founded in 1993, located in Gankeng, south of Pingyao County, we produced various types of recycled rubber. With the continuous expansion of the enterprise and the gradual development of the city, the company began relocation and expansion in 2008, selecting a site south of Pangzhuang Village, Zhukeng Township, Pingyao County to build a factory and register

Pingyao County Wulian Rubber Industry Co., Ltd., processing over 60,000 tons of waste tires annually. At the end of 2016, the company underwent upgrading and transformation, establishing Shanxi Huajun Tire Co., Ltd. on the basis of the original Pingyao County Wulian Rubber Industry Co., Ltd., extending the industrial chain from recycled rubber to the production and processing of various automotive tires and engineering inner tubes. Currently, the company covers an area of 100,000 square meters, has over 600 employees, and produces 60,000 tons of high-performance recycled rubber, 10 million tire flaps, and 5 million rubber inner tubes annually.

The company is now the governing unit of China Rubber Industry Association. Vice President of China Tire Recycling Association, private technology-based enterprise in Shanxi Province. The company management model has passed ISO9001:2015 quality management system certification, ISO14001:2015 environmental management system certification. GB/T28001-2011/OHSAS 18001:2007 Occupational Health and Safety System Certification. The company abides by the tenet of “production is quality, management is honesty”, adhering to the philosophy of “customer creates value, cultivates brand for industry”, and the sense of quality is in the process of product development, design, production, testing, production and after-sales. After the completion of the show, the products sell well all over the country, exported to overseas, and established a long-term stable cooperative relationship with many large domestic tire companies.

Constant pursuit of high quality, high reputation and high service have laid a solid foundation for the company's development. Huajun people welcome all friends from all over the world with high-quality products and sincere service. We are willing to cooperate with colleagues from all walks of life at home and abroad to create a better future!
